

EVERGREEN PROGRAM

You have a choice for the future. And it's renewable.

Evergreen is a renewable energy (green power) program available to your home, farm or business through your local Touchstone Energy Cooperative (a member cooperative of the Dairyland Power system).

Evergreen is for you if you are willing to pay a little bit more to purchase a portion or all of your electricity from renewable energy sources. In addition to your normal monthly electric bill, you volunteer to pay a small, additional charge each month to offset the additional cost it takes to support renewable energy.

That's it. There are no other requirements. There is nothing to hook up and you will continue to receive the same reliable electric service you always have.

Evergreen renewable energy comes from the wind and waste-to-energy sources such as landfill gas and livestock manure. We purchase energy from highly-efficient wind farms. New technology methane digesters located throughout our system convert waste from landfills and livestock confinement to bio-gas that is used to generate electricity.

By participating in **Evergreen**, you are investing in the future of the environment. Your purchase of one 100 kilowatt hour (kWh) block of Evergreen renewable energy each month has the same environmental benefits (CO2 reduction) as planting one-half acre of trees or not driving a car 2,400 miles (source: EPA).

Please sign me up at the following level:

Number of blocks of energy	Amount added to my monthly energy bill:
-------------------------------	--

- 1 block (100 kWh) \$1.50
- 2 blocks (200 kWh) \$3.00
- 3 blocks (300 kWh) \$4.50
- 4 blocks (400 kWh) \$6.00
- 5 blocks (500 kWh) \$7.50
- Other: Please specify number of blocks _____.
- Please provide me with more information.

I understand that this amount is in addition to my monthly energy bill. Also, that my commitment is for one year and will continue monthly thereafter until I notify my cooperative that I no longer wish to participate.
